## What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedie, Druggist.

## How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! its only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedie, Druggist.

## To Whom It May Concern.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cal., druggist, "a Chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: 'Medicine velly fine, velly fine; ally same make me feel plenty good.'" Chamberlain's Pain Balm is without an equal for sprains, rheumatism, aches, pains or lame back. For sale by G. C. Thaxter.

## Cough! and Cough!! and Cough!!!

## SHALL WE RECEIVE OUR SENATORS?

### A Correspondent Who Thinks Not.

ED. APPEAL:—I notice that the papers are talking of a reception to our Representatives when they get home. While I appreciate, as others do, the good work they have accomplished for us, I am not in favor of a public demonstration for the following reasons:

You cannot consistently receive one without receiving the other two, and three public receptions cost considerable money, which a few have to pay. Next week Stewart will arrive, and his friends receive him; all well and good. then Jones comes along a week later and is also received, and in a week or so Bartine arrives. The friends of each will vie with each other to get up a good reception, and people will draw comparisons between them.

I do not believe that if these men were allowed to have any say in the matter they would want a public reception, and I would not be in favor of it unless they all arrived together, which I do not think is possible.

A CITIZEN.

The members of the Assembly in the present Legislature of Wisconsin are bigger fools than were those in the late lamented one in California—if such a thing were possible. The Milwaukee Sentinel had handled them without gloves, and the idiots proceeded to pass this resolution:

The members of the Assembly of 1889 on matters of State policy owe no allegiance to any newspaper, but are guided by their oath of office and the wishes of their constituents as they understand them, and they hurl back with contempt the scandalous, uncalled-for, untrue insinuations of the Sentinel's editor, with the exclamation, "Let the galled jade wince!"

Recently a man in Los Angeles came home and found a young man calling on his wife. The odd part of it was that the young man had no pants on. He said that he was passing the house and stepped in to have his pants mended.

The husband said that this explanation was not up to the mark as explanations went in that section, and kicked the youth down the steps.

If a young man wants a married woman to mend his pants, in Los Angeles, the proper way is, take them off and then throw them into the window and remain on the walk chatting pleasantly with the passers by, until the buttons are sewed on.

## LEGENDS AND MYTHS OF HAWAII.

—This is the title of the new book which Hon. R. M. Daggett and King Kalakaua of the Sandwich Islands have produced as joint authors, after the labor of several years.

The King of the Islands is a very accomplished writer and linguist and the work of the two has resulted in a book of nearly 600 pages, handsomely illustrated and ready for sale by subscription only.

The Dewing company are the sole agents for this coast and the disposal of the agency for Ormsby county has been placed in the hands of the editor of the APPEAL.

Having seen the advance sheets, we are able to say that it will prove a book of extraordinary interest and ought to sell very rapidly in this section where the principle author is so well known. Any person of either sex, who desires to act as the canvassing agent for this county will please call at this office.

THE CIRCUS.—Every man, woman and child knows that the Sells Brothers' Circus upon its last visit here was by far the best circus organization that ever came this way. This year these enterprising managers have formed a corner on the show business by consolidating Barrett's World's Fair with their enormous exhibition, and after this season it will be hard for the average show to satisfy the public with a moderate exhibition. The people, when once educated to expect big things are not satisfied with commonplace or little ones. After this season a circus to attract the attention of our citizens will have to be of a high order, because it will have to come into comparison with the show that preceded it, and as Sells Brothers' and Barrett's United shows are so much larger than any other in this country, there will be no room for the small fry. These two shows will spread their huge tents in Carson on Monday May 20.

NEW GOODS.—The largest assortment ever offered in this market and worth looking at, even if you don't wish to buy, is to be seen at E. B. Rail's. Take a look at the lawn mowers, sprinklers and hose carts, and the cheapest and best Eureka and rubber hose; also the adjustable hose holder; for house use, the Alabastine paint for kalsomining walls. It comes in 5 lb. packages. Anyone can use it, and it is cheaper and better than lime or whitening. The Acme barrel churn is new and will make butter in less time than any churn in use. Also a large assortment of Leonard refrigerators, best in use. See the advertisement in another column and go and see the display. Rail is selling goods cheaper than ever.

CEMETERY WATER. At the annual meeting of the Board of Directors of the Cemetery water works, April 13th 1889 it was.

Resolved, That all persons wishing water for irrigation, the present season, will be required to pay for the same on or before May 1st 1889, for the season of five months, from May 1st to October 1st.

The Superintendent will not water any lot except on compliance with this resolution.
